PULSIFY NOTES

Keep for your next recording day

Stuck on your next video?

Five places to look in what you already know.
Pick whichever brings a real example to mind.

01

A question you keep answering

Look in your comments, DMs or recent calls.

"I get asked [question]. Here's how I think about it."

02

A decision you made

Pick something you chose, changed or ruled out.

"I chose [X] over [Y]. Here's what decided it."

03

A mistake you can explain

Use a real example and what you learned from it.

"Here's what went wrong with [X], and why."

04

Something you changed your mind about

Think of advice you would give differently today.

"I used to think [X]. Then I noticed [Y]."

05

One step in your process

Choose a small task you could show on screen.

"Here's what I check before I [take this step]."

Turn one into a video

Set up the situation. Explain your thinking.
Show one real example. Leave one useful takeaway.

Use the opening as a starting point. Say it your way.
